OBS October Yearlings

What they are saying.....

"The new October dates for the OBS Yearling Sale fit my schedule much better now. It's the last Selected Yearling Sale of the year and it gives horses which were immature earlier in the year the chance to mature and show themselves well. I'm looking forward to being there."

David Ingordo, Ingordo Bloodstock

"The OBS Yearling Sale was a challenge for me to attend when it was held in August as I am focused on Saratoga. The October dates fit much better with my schedule and it is a beautiful time of year in Ocala. The addition of supplements to the catalog will allow yearlings from earlier sales to benefit from the extra time to develop. I look forward to adding recruits to my stable."

Mark Casse, Leading Trainer

"There have been some nice Graded Stakes winners come out of that sale in the past few years, add better weather than August with the new October date and I don't see how I can miss it."

Donato Lanni, Hill 'n Dale Bloodstock
